

PATIENT SPOTLIGHT Edition

I'm very proud of all of my patients, and hope that they will continue to work towards healthy goals. -Dr. Moosa

If you or someone you know is interested in attending one of our **Free Diabetes Education** classes, please let any of our staff know!

October dates:

Monroe office:
10/20
4:00 - 6:00pm

Toledo office:
10/04 & 10/18
5:30 - 6:30pm

We here at Endocrine Specialists take a lot of pride in the care of our patients. It is our goal to ensure each patient's plan of care is customized to suit their individual needs. We try to set realistic and achievable goals for our patients, so when they exceed expectations we can celebrate their success!

Please join us in congratulating October's Patients of the Month!

Alyssa

Alyssa is a Type 1 Diabetic who started with an A1C of 15.1. After attending Diabetes Education classes and making drastic changes to her lifestyle, her A1C dropped to 6.1 in only 3 months! We are so proud of her achievement!

Robin

Robin is a Type 2 Diabetic who started with an A1C of 9.6. After paying closer attention to food choices and following recommendations, he lost 13 lbs. and lowered his A1C to 5.9. Way to go Robin!

Way to go!
