## DECLARATION OF GENDER CHANGE

### INSTRUCTIONS

The purpose of this form is to allow an individual, under the guidance and direction of a qualified and licensed medical professional, to change their gender designation. To be qualified, the medical professional must attest that the transition is being conducted in accordance with the guidelines set forth in the World Professional Association for Transgendered Health's (WPATH) Standard of Care. This change is only to be made as part of a permanent, full time gender transition.

If gender identification is marked as transitional, a new form must be submitted for each driver license / ID renewal until gender identification is complete. If the form is not submitted at renewal, the gender marker will revert back to the original gender.

Each individual is limited to changing their gender back to the original gender on their driver license or ID card one (1) time.

All records of the Ohio Department of Public Safety or Bureau of Motor Vehicles relating to the physical or mental condition of any person are confidential and are not open to public record.
